REQUEST FOR RECONSIDERATION OF THE PATENT TERM ADJUSTMENT
PURSUANT TO 37 CFR §1.705

TO THE COMMISSIONER FOR PATENTS,

SIR:

In response to the Supplemental Notice of Allowance dated January 13, 2005 regarding the above-referenced application, applicants respectfully request reconsideration of the patent term adjustment (referred to herein as "PTA") calculation. Applicants hereby notify the Office that the granted PTA is believed to be longer than it should. Pursuant to 37 CFR §1.705(b), Applicants submit the following statements of facts in support of their request for reconsideration.

The Office has indicated that the application is entitled to a PTA of 395 days. (Both the Notice of Allowance dated November 30, 2004 and the Patent Term Adjustment History shown on PAIR on January 27, 2005, a printout of which is herein enclosed, indicate a PTA of 395 days.) Applicants disagree with the Office's calculation and believe that the correct PTA is 348 days.

The application was filed on December 14, 2001. The first notification (a restriction requirement) by the Office was mailed on May 3, 2004.

KCC 4774 (K-C 15,646E)
PATENT

This lapse in time is 444 days past the 14 months the Office has to mail a notification under 37 CFR 1.702(a)(1). Accordingly, a PTA extension of 444 days is warranted.

The original information disclosure statement ("IDS") and the First Supplemental IDS and the Second Supplemental were timely filed before the first action by the Office. Accordingly, no reduction in PTA is warranted.

The applicants timely responded to the restriction requirement on May 28, 2004. Accordingly, no reduction in PTA is warranted.

The applicants filed a Third Supplemental IDS on July 16, 2004, resulting in a PTA reduction of 49 days (the number of days between the filing of the response to the restriction requirement on May 28, 2004 and the filing of the third supplemental IDS on July 16, 2004). Applicants are in accord with this reduction.

The Office mailed a non-final rejection on August 8, 2004. Accordingly, no extension in PTA is warranted.

The applicants timely responded to the non-final rejection on September 10, 2004. Accordingly, no reduction in PTA is warranted.

The applicants filed a Fourth Supplemental IDS on October 27, 2004. This Fourth Supplemental IDS is considered a supplemental reply, and the PTA should be reduced an additional 47 days, as calculated by the number of days from the filing of the response to the non-final rejection on September 10, 2004 to the filing of the Fourth Supplemental IDS on October 27, 2004.

The Notice of Allowance was mailed November 30, 2004. Accordingly, no extension in PTA is warranted.

Applicants note that neither the Notice of Allowance, nor the Supplemental Notice of Allowance, nor the Patent Term Adjustment History on PAIR acknowledges the proper PTA.

KCC 4774 (K-C 15,646E)
PATENT

Moreover, the Patent Term Adjustment History on PAIR does not indicate that the Fourth Supplemental IDS was even filed.

The present patent is not subject to a Terminal Disclaimer.

In view of the above, applicants request reconsideration of the PTA calculation. The PTA should be three-hundred and forty-eight (348) days. The Commissioner is hereby authorized to charge any fees which may be required to Deposit Account No. 19-1345. However, in view of the fact that the Office made a mistake in calculating the correct PTA, applicants respectfully request that the fee in connection with this request be waived.

Respectfully submitted,

Richard L. Bridge, Reg No.40,529
